Selected Publications

Overview of 40 Bridge Structural Health Monitoring Projects, Daniele Inaudi, IBC 2010: June 15–17, 2009, Pittsburgh, USA - 2009

Structural Health Monitoring System for the new I-35W St Anthony Falls Bridge, D. Inaudi, M. Bolster, R. Deblois, C. French, A. Phipps, J. Sebasky, K. Western, SHMII-4, Zurich, Switzerland - 2009

Structural health monitoring method for curved concrete bridge box girders, B. Glisic, D. Posenato, D. Inaudi, A. Figini, Smart Structures & NDE, San Diego, California, USA, 9 - 13 March - 2008

Integrity monitoring of old steel bridge using fiber optic distributed sensors based on Brillouin scattering, B. Glisic, D.Posenato, Daniele Inaudi, 14th SPIE San Diego -CA, USA - -6531-25 - 2007

Stress measurements - Suspension bridge under dead and traffic loads, M. Talbot, J.F. Laflamme, B. Glišic, EVACES 07, Porto, Portugal, October 24-26 - -Paper 138, On conference CD – 2007

Fiber optic sensing in an integrated Structural Health Monitoring system. Blin and Inaudi, IALCCE 2018 Conference, Ghent

Available in Application Note

- Bridge Instrumentation and Structural Health Monitoring
- Building Instrumentation and Structural Health Monitoring
- Cryogenic Instrumentation & Safety Monitoring
- Dam & Dikes Instrumentation and Safety Monitoring
- FO Leak Detection System for Dams and Dikes
- FO Leak Detection in Process & Chemical Plants
- FO Leak Detection for Pipelines in Foundations
- FO Mining Instrumentation & Site Safety Monitoring
- FO LNG Pipeline Monitoring
- FO LNG Tank Monitoring
- Geothermal Monitoring
- Geotechnical & Structural Instrumentation
- Mining Instrumentation & Site Safety
- Nuclear Power Plants Instrumentation & Safety Monitoring
- Penstocks Instrumentation & Structural Health Monitoring
- Research Structural Health Assesment Systems
- Tunnel Instrumentation & Structural Health Monitoring
- Tailing Dams Monitoring
